THROUGH: Chief, Production Services Division, NPIC *mtb*

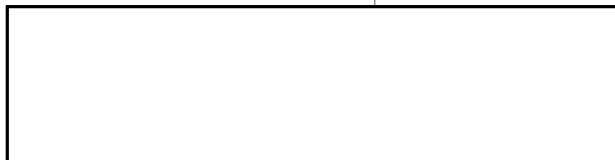

25X1A

SUBJECT: Editing Table

1. Request development of a modified version of the subject table incorporating the six (6) modifications suggested by Technical Intelligence Division. Additionally, this office would request that a linear footage meter/counter device be built into the table. Two (2) tables are required by the Film Library.

2. This office is charged with supplying footage figures on film received at NPIC. This task is made difficult when film is untitled. A film footage measuring device would greatly aid in this endeavor.
